## The Power of Mechanical Breakdown Protection

How many times have you heard stories or experienced a vehicle breaking down right after the warranty expires? Our guess is, too many, which is why you need Mechanical Breakdown Protection (MBP) from GPFCU.

Sometimes referred to as an extended warranty, our Mechanical Breakdown Protection plans cover the cost to repair your vehicle when it breaks down. At GPFCU, we offer a variety of plans from which to choose, covering virtually all of your vehicle's mechanical and electrical components.\*

So if you just purchased a new vehicle, or if your manufacturer's warranty is about to expire, you need to speak with one of our Financial Services Associates today. Just contact us at 1-800-360-6362, it will only take a couple of minutes and it could save you thousands of dollars down the road. The plans we offer, often cost hundreds less than other "extended warranties." But the best part is that when you choose a Mechanical Breakdown Protection plan you'll also receive a variety of additional benefits at no extra charge:

- 24-hour Roadside Assistance
- Rental Vehicle Assistance
- Tire Protection
- Trip Interruption Coverage
- Nationwide Protection
- Repairs can be done at any licensed U.S. repair facility – you choose where to take your vehicle
